

**National Seminar on Recent Trends in Condensed Matter Physics including
Laser Applications (NSCMPLA-2017)
March 8-9, 2017**

**Organized by
Department Of Physics
(UGC-Centre of Advanced Study)
The University of Burdwan, Golapbag, Burdwan
Website: www.buruniv.ac.in**

Some important information:

1. The e-mail address of communication for the National Seminar is :
nscmpla2017@gmail.com
2. For submission of ABSTRACT (*except Invited articles*), the authors are required to submit a 3-page extended abstract which must include a 75 word abstract. The manuscript should have to be prepared strictly following the format given in the announcement of the National Seminar. Any other partial submission or if manuscript received is not prepared as per given format will not be accepted for consideration.
3. If there is more than one author for a manuscript, it must be clearly indicated (in the manuscript) who will be the presenter of the research work during the Poster session. Only the presenter of the paper will get the presentation certificate while other coauthors, if participate (with proper Registration), will get the participation certificate. If the indicated presenter cannot be able to present the work, the person who will ultimately present the work will get the presentation certificate.
[For a single manuscript, it will be helpful if the authors during submission of manuscript through e-mail can indicate (in the forwarding e-mail) the number of participants for that manuscript].
4. The PRE-REGISTRATION through Bank Draft is strongly recommended. It may be sent to the following address either through Speed-post or courier or any other suitable manner to reach us before **February 28, 2017**:

Call for Papers

After successful organization of four national seminars under UGC-CAS programme, a National seminar on Recent Trends in Condensed Matter Physics including Laser Applications (NSCMPLA-2017) will be held during March 8–9, 2017 at Burdwan, West Bengal, India. The seminar is being organized by Department of Physics, The University of Burdwan under UGC-CAS programme. Academicians, Scientists, Research Scholars and students are invited to attend the seminar. The seminar will consist of invited talks by eminent scientists and academicians of India covering various relevant topics. Prospective authors are encouraged to submit their original research work for interactive poster sessions.

The topics for sessions include, but are not limited to the following

- Nanomaterials, synthesis, characterization and properties
- Magnetic materials
- Surface, interface and thin films
- Glasses and amorphous materials
- Biomaterials
- Laser applications
- Photonics and Lightwave Technology
- RF and Microwave device and applications.

Paper Submission

Authors are requested to submit 3-page extended **abstract** by email only. The paper must be prepared in MS Word/ Open Office Word processor in **.doc/.docx format** written in English as per the following format in Times New Roman Font.
