Date: 21.09.2023

Notification

Sub: Ban on use of 'Plastic' at University Hostels

Wherein use of plastic has emerged as a concern adversely impacting the environment, health and well-being of citizens at large, it has also become a challenge to the urban waste disposal systems as well, specially the use of 'single use plastic' / 'disposable plastic carry bag' / 'thermocool' etc..

Accordingly, all students and staffs at the respective University Hostel(s) are directed for strict compliance of the following directives:

- a. Hostels be made 'plastic-free' by banning use of plastics, specially single use plastics and replacing the same with suitable environment friendly substitutes within hostel premises and dining areas.
- b. All hostel boarders / students to avoid bringing non-bio-degradable plastic items to the institution and to encourage use of alternative solutions like cloth bags, paper bags etc.,

All are kindly requested to cooperate and replace plastic with environment friendly alternatives.
