Index No.- H4-057

P.O.- Paligram :: Sub-Div. Katwa :: Dist.- Burdwan.

Ref. No. ....

Date 29.6.19.....

To whom it may concern

This is to certify that Sudipta Goswami the student of M.Sc. Botany of Burdwan University has taken classes in class X of this Institution today, on her course material. Her presentation is well. I wish her success in life.

Teacher-In-Charge  
Paligram B. S. Vidyamandir  
P.O. Paligram, Dist. Purba Bardhaman

## **Acknowledgement:**

The social Outreach Programme is an effort for **“Creating Public Awareness to the students about Biodiversity, Importance of Taxonomy and about the Family Ochnaceae at Paligram B.S. Vidyamandir, Paligram, Purba Bardhaman, West Bengal”**.

During my work,

I am also thankful to the students of class 10, Paligram B.S. Vidyamandir for their extreme cooperation to complete my social outreach programme. This social outreach programme would not be possible without the extensive help of the **“Taxonomy of Angiosperms and Biosystematics”** section of **“The Department of Botany”** under The University of Burdwan.

I am most grateful to Dr.Saikat Naskar, Associate Professor, Department of Botany, The University of Burdwan, for his guidance, continuous enthusiasm, valuable discussion and advice.

I am also grateful to Dr.Asok Ghosh, associate Professor, Department Of Botany, The University of Burdwan for his guidance.

I am thankful to my Parents and brother for their support, understanding and encouragement during my work.

I am also grateful to Mr. Ziaur Rahaman , Head Master of Paligram B.S.Vidyamandir.

I am also very thankful to my friends for their heartiest cooperation.

5.8.19

Sudipta Goswami

## **SOCIAL OUTREACH**

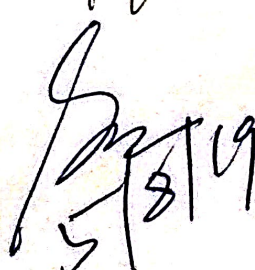

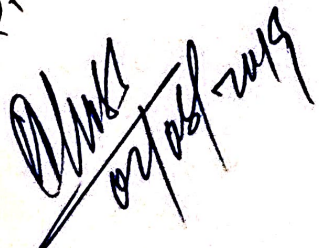

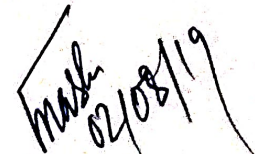

Social outreach is the act or practice of visiting and providing the services (of a charity or other organization) to people who might not otherwise have access to those services.

Science is valued by society because the application of scientific knowledge helps to satisfy many basic human needs and improve living standard.

So the social outreach programme is essential to bridge the gap between the scientific knowledge and society at all. The social outreach programme play a vital role in the overall development of the society include awareness.

## Conclusion:

By doing the Social outreach programme and interacting with the students it is concluded that a vast proportion of people are unaware about the various uses of plants and their medicinal properties. After the discussion they become happy to know about these above aspects.
